ATTENTION CUPE LOCAL 5050

It is that time of year again – classification meetings.

Once again, we are trying to continue with making positive changes within the local. We have had some great success over the past year and would like to continue going forward.

We encourage **ALL** members, including casuals, to attend these meetings and take the opportunity to voice your concerns and ideas for a direction you would like to see your Local take.

These meetings are not to discuss Collective Agreement issues; however we were successful in taking many issues to Labour Management. It is an opportunity to attend a meeting that is focused on smaller groups. Please see the attached schedule for meeting dates and times.

In Solidarity,

*Sister Denise Lewis*

*President*
